Attn:

Gentlemen:

Reference is made to your letter of 30 June 1959, Re: HF-CJ-2219, concerning spare parts for the two (2) 70 mm Printers.

Since the two printers to be modified under Contract HF-CJ-2219 and the printer to be supplied under Contract No. JP-635 are for Offutt, only one set of the more expensive longer lived parts plus additional minor parts, as suggested by you, will be required at that base.

The list of longer lived parts submitted with your letter of 1 July 1959 is being considered for procurement under Contract JP-635 and you will be advised later concerning authorization to proceed with these items. A list of the additional minor parts to be procured under Contract HF-CJ-2219 should be furnished for authorization under Contract HF-CJ-2219.

25X1A

Very truly yours,

25X1A
